SUMMARY

A high school graduate with a holistic and modern boarding school education, consistently achieving excellence as evidenced by an “Excellent” grade at graduation. Actively participated in organizations, committees, broadcasting media, and education. Accustomed to performing strategic roles as a secretary, coordinator, and graphic designer, honing skills in leadership, administrative management, basic data analysis, and public communication. Enthusiastic about advancing my skills to a professional level through the study of Management Information Systems.

WORK EXPERIENCE

Radio Suara Gontor, LLC – Ponorogo, Indonesia
Secretary & Design Graphic (2024-2025)

- Increased file management time efficiency by 40% through the implementation of a new digital archiving system.
- Improved team productivity through the implementation of digital meeting minutes that can be accessed collectively as part of the internal information system
- Enhanced team productivity in executing work programs through digital record-keeping that indicates how long pending work programs have been in progress
- Improved correspondence neatness through the implementation of a mailing system and structured and documented formats
- Strengthened information delivery to the audience through visual design supporting broadcast programs
- Enhanced the company's reputation on social media through a growth of approximately 6,000 followers, resulting from collaboration with the production team to strengthen visual identity and content strategy.
